

**AU BOARD MEMBER
OTV 2021**

One Thousand Villages is a registered foundation in Thailand and a registered charity in Australia. The Australian Board is part of a wider Board structure that incorporates an International Board (Thailand).

VISION

Our vision is the end of trafficking and exploitation of children in Thailand and across the Mekong countries.

MISSION

We're working to lift children and families out of poverty in Thailand and across the Mekong countries, and in doing so, prevent trafficking and exploitation of children.

VALUES

Honesty: We are committed to upholding this value in all that we do. Without honesty and integrity, our work will never truly succeed.

Listening: We are working with very complex issues. We are always learning and striving to improve so that our work will endure and have a greater impact.

Collaborative: We are more effective when we collaborate with other organisations, schools, village leaders, communities, and team members. We are stronger together.

Innovation: We will not settle for the status quo. We are committed to creating and developing new solutions, strategies and connections that deliver results.

Perseverance: We don't believe in quick fix solutions. Our story is about facing problems with patience and commitment. We don't accept things as they are: we don't give up.

ABOUT THE OPPORTUNITY

We are recruiting volunteers to join our AU Board. We welcome applications from all sectors of the community. We are looking for experienced applicants and also individuals who are looking to take their first steps at board level.

The Board plays a very significant role in supporting the CEO and ensuring the organisation is well run and delivering desired results.

Our AU Board currently meets four times per year either in person or online. There is no set rule on how much time each month a board member must commit. Board members must be prepared to give their time and skills to support the organisation, contributing to discussions and confidently advocating on behalf of the organisation. Interview is required and CV. Board members are volunteers.
